## Summary

---

Passionate and dedicated Computer Science undergraduate skilled in web development, programming and problem-solving. Quick learner, adaptable and open to feedback. Strong communicator with experience in teamwork and collaboration. Disciplined time manager, proactive and self-motivated. Embraces growth mindset with patience and persistence. Ready to contribute effectively as a software engineering fresher.

## Education

---

**Alva's Institute of Engineering and Technology**, Moodbidri, India  
*Bachelor of Engineering: Computer Science and Engineering* May/2026  
GPA: 9.2 CGPA

**Rotary Pre-University College**, Moodbidri, India  
Pre-University: PCMCs Jun/2022  
Score: 96%

**Rotary English Medium School**, Moodbidri, India  
High School: Secondary Education Aug/2020  
Score: 88.89%

## Internship

---

**Backend Development Intern - Yaticorp India Pvt Ltd (Onsite)** Feb/2026 – Jun/2026

- ▶ Played a major role in the end-to-end development of the Talent Portal, contributing from project initiation, requirement analysis, design, development, testing, deployment and maintenance.
- ▶ Developed and integrated RESTful APIs using Node.js, Express.js and MongoDB while building frontend functionalities using React.js as part of the MERN stack.
- ▶ Managed Git version control workflows, coordinated code integration, resolved merge conflicts and supported collaborative development across the team.
- ▶ Performed application testing, validation debugging and quality assurance activities to ensure system reliability and functionality before deployment.
- ▶ Reviewed team contributions, verified feature implementations against requirements and assisted in maintaining code quality and project consistency.
- ▶ Worked in an Agile and Iterative development environment, participating in sprint planning, task tracking and continuous feature enhancement.
- ▶ Contributed to the development and deployment of a live Learning Management System (LMS) and an entrepreneur's business website featuring event registration and management. Automated registration tracking using Google Apps Script and Google Sheets for streamlined data management.
- ▶ Served as Site Administrator, monitoring website performance using Google Search Console and supporting SEO initiatives to improve visibility and indexing.
- ▶ Researched AI tools for automation, marketing and system optimization to improve organizational efficiency.
- ▶ Collaborated with cross-functional teams and deployed applications using Railway and Vercel.

**Technical Intern-FixMyRide (Hybrid)** Apr/2024 – May/2024

- ▶ Worked as a Technical Intern contributing to the company's web platform development, focusing

on frontend technologies.

- ▶ Coordinated with cross-functional teams to ensure timely delivery of web features and technical updates.

## Languages

---

**English:** C1 (Advanced)    **Hindi:** C1 (Advanced)    **Sanskrit:** A2 (Basic)  
**Kannada:** C2 (Proficient)    **Tulu:** C2 (Proficient)

## Skills

---

- ▶ **Languages:** Java, C, JavaScript, SQL
- ▶ **Frontend Development:** HTML, CSS, React.js
- ▶ **Backend Development:** Node.js, Express.js, REST APIs
- ▶ **Database:** MySQL, MongoDB
- ▶ **Tools & Platforms:** Git, GitHub, ServiceNow, VS Code, AWS (Learning), Railway, Vercel, Google Search Console, LaTeX
- ▶ **Core Concepts:** Object-Oriented Programming (OOP), Data Structures, Algorithms, Operating Systems, Computer Networks, SDLC, Agile Methodology
- ▶ **Other Skills:** API Integration, Deployment, Manual Testing, SEO, Web Crawling, Indexing, Ranking, Sitemaps

## Achievements

---

- ▶ Solved 170+ questions on LeetCode.
- ▶ Certified in Infosys Springboard for Java Programming and CodeChef for Data Structures.
- ▶ NPTEL-certified in 'Google Cloud Computing Foundation'.
- ▶ Java Full Stack through TalentNext by Wipro
- ▶ Salesforce Developer - Agentblazar Champion Program.

## Technical Portfolio

GitHub: [github.com/14SowmyaShetty23](https://github.com/14SowmyaShetty23)

LinkedIn: [linkedin.com/in/14sowmyashetty23](https://linkedin.com/in/14sowmyashetty23)

## Publications

---

- ▶ **Primary Author** Apr/2025  
The Interplay of HCI, AR and VR: Mapping Growth, Research Contributions and User Insights. Published in the IEEE 1st Global Conference on Cognitive Computing and Communication Technology (GC4T25).
- ▶ **Third Author** Dec/2025  
An Intelligent AI System for Predictive Maintenance and Automated Troubleshooting in Laboratory Environments. IEEE Conference on Intelligent Systems for Pioneering Innovation in Robotics and Electric Mobility.

## Extra-Curricular Activities

---

- ▶ Currently part of AWS Skill Builder Program on Infosys Springboard platform.
- ▶ Completed Micro-Certification: **ServiceNow Basics and Administration Fundamentals**.
- ▶ Attended workshops on Advanced Java.

- ▶ Selected participant of Infosys Pragati Program (Cohort 7), a structured industry readiness and career development initiative.
- ▶ Awarded Rajya Puraskar (2018) under Scouts and Guides.
- ▶ Senior-grade classical dancer and junior-grade Hindustani singer.
- ▶ Participated in sports including hockey, volleyball, throwball, athletics (sprinting and shot put).
- ▶ Volunteered at the 14th India's largest placement drive, Alva's Pragati.
- ▶ Served as Crowd Management and Exhibition In-Charge at the 25th International Cultural Jamboree of Scouts and Guides.
- ▶ Taught computer fundamentals to high school students in Kinnikambla.

## Projects

---

- ▶ **Portfolio Website (HTML, CSS, JavaScript)**
  - Designed and developed a responsive personal portfolio to showcase projects and skills.
  - Focused on clean layout, mobile-friendly design and smooth user experience; currently enhancing with new features and improved UI/UX.
- ▶ **Store Rating System (React.js, Node.js, MySQL)** Present
  - A scalable full-stack web application using React.js for the frontend and Node.js for the backend.
  - Designed and managed relational databases using MySQL, ensuring efficient data storage, retrieval and integrity.
  - Built RESTful APIs to enable seamless communication between frontend and backend systems.
  - Structured the project architecture from following best practices for clean, maintainable and modular code.
  - Implemented user-friendly UI components and optimized performance for better user experience.
  - Integrated version control using Git for collaborative development and code management.
  - Deployed and tested application features, ensuring reliability and responsiveness across different environments.
  - Translated project requirements into functional technical solutions.
- ▶ **TUDAR (HTML, CSS, JavaScript, Gemini API, Web Speech API)**
  - Built a multi-modal virtual assistant combining an animated web interface, a text-based chatbot using Gemini API and a voice assistant with speech recognition and synthesis. Enabled intelligent conversations, time-based greetings and command execution (e.g., opening Google/YouTube).
- ▶ **SmartServe (HTML, CSS, JavaScript, MySQL)**
  - Developed a restaurant order system with real-time table tracking and automated billing using MySQL for data management. Strengthened full-stack development skills.
- ▶ **Tic-Tac-Toe Web Application (HTML, CSS, JavaScript)**
  - Developed a responsive 2-player Tic-Tac-Toe game using core web technologies.
  - Implemented game logic for turn switching, win detection and draw conditions.
  - Designed an interactive UI with reset and new game functionality using CSS Grid.
  - Features include interactive 3×3 grid and real-time gameplay updates.
